Payment Policy and Trust Fund Pre-Payment Options

“Trust Fund: Pre-Payment held in trust with “Guaranteed Funeral Deposits of Canada” in the purchaser’s name, where it will accrue interest until the contract is fulfilled (when the services are delivered) or the contract is cancelled.

Payment is due when signing the contract. Only payment in full is accepted for Pre-Payments. For your convenience, payment may be made by cash, debit, cheque, Visa or MasterCard when prepaying services. When prepaying, you pay for the services today and the money will be used to pay for the services when they are delivered at the time of death.

Disbursements are items arranged for and paid for on your behalf by your funeral home. You are expected to pay for these items at the time the contract is entered into. i.e. Cremation Fee

Additional information about your payment and trust fund options is available upon request”

We are the choice for the majority of families in Sault Ste Marie and area.

RIVER'S EDGE CREMATION CENTRE

These by-laws are the rules and regulations that govern River's Edge Cremation Centre and have been approved by the Registrar of Cemeteries, *Funeral, Burial, and Cremation Services Act*, 2002, Cemeteries Regulation Unit, Ministry of Consumer Services.

By-Law 1: Identification of the deceased shall be made prior to the delivery of the deceased to the crematorium.

By-law 2: The Crematorium shall operate Monday through Sunday from 9 am to 5 pm by scheduled appointment.

By-Law 3: Before cremation can take place, the following documents must be completed, delivered to the office or crematorium, signed by the proper authority, and approved: a cremation contract, a cremation application, a coroner's certificate, and a burial permit.

By-Law 4: A deceased person shall only be received for cremation in a fully combustible casket or container deemed appropriate and with a top, four sides and a solid bottom allowing the casket/container encasing the human remains to be moved by using a set of rollers.

By-Law 5: Once received by the crematorium personnel, the casket/container will remain closed unless permission is given by the purchaser or a judge allowing the licensed funeral director to open the casket or container. Under no circumstances will crematorium staff be allowed to open the casket or container. The deceased will be cremated in the delivered casket or container, which must be made of readily combustible materials. All non-combustible parts on the outside of the casket /container will be removed prior to cremation, if possible.

By-Law 6: The crematorium will not cremate a casket / container constructed of non-flammable or hazardous material or a material prescribed by the regulations under the *Funeral Burial and Cremation Services Act*, 2002, of Ontario Regulation 30/11, nor will the crematorium cremate a body in which a pacemaker or other prescribed device is present. This does not limit the right to refuse to cremate, in any instance, and without assigning reasons.

By-law 7: The crematorium will not under any circumstances cremate an individual with a radioactive implant, or an individual who has received microscopic radioactive treatment such as thera-seed. An implant heart pacemaker or other implant radioactive devices could explode during the cremation process and are to be removed by the funeral establishment or transfer service operator, or others before the deceased is delivered to the crematorium for cremation. The purchaser of the cremation services will be liable for any damages to the crematorium or crematorium staff for failure to notify the funeral establishment or transfer service, or any others responsible for the removal of such a device.

By-Law 8: Twelve (12) working hours notice is required before a cremation can take place.

By-Law 9: Twelve (12) working hours notice is required if relatives and friends wish to view the cremation process. A limited number of observers will be allowed in the crematorium before or during a cremation. Access can be denied by the crematorium staff.

By-Law 10: Stainless steel Identification tags must be placed with the human remains throughout all the stages of the cremation process.

By-Law 11: Privacy policy: In the course of the crematorium carrying out the terms of this contract, "personal information", as that term is defined in the Personal Information Protection and Electronic Documents Act will be provided by the purchaser to the crematorium. The crematorium shall collect, use and disclose such personal information only in accordance with applicable law. The personal information provided to the crematorium is used only for the crematorium's internal purposes and is not distributed to third parties for any other commercial purpose, except as required to carry out the terms of this contract. The crematorium shall keep all such information in strict confidence and shall only disclose such information if required by law. The crematorium shall only use such information for the purposes set forth herein unless the Purchaser provides the crematorium with his/her consent to do otherwise.
